SANAUBAR PROJECT PARTICIPATES IN THE REGIONAL CONFERENCE OF YOUTH MENA 2024

Sanaubar project for Environmental Action made a notable impact at the Regional Youth Conference on Climate Change in Jordan, which brought together over 250 participants from Arab countries. This participation was not only as an environmental initiative, but it also had a special booth that featured an engaging session and discussions on green entrepreneurship, innovation, agriculture, and recycling. The initiative's participation highlighted its commitment to sustainable solutions and empowering communities, drawing significant interest from attendees and reinforcing its leadership in addressing climate challenges across the region.

SANAUBAR PROJECT HOSTS YOUTH SESSION AT RCOY MENA CONFERENCE

Malak Alamar, the founder of sanaubar project, led a session titled “Green Entrepreneurship and Innovation: How it’s helping to build a Peaceful Communities and a Stable Climate” at the Regional Conference of Youth (RCOY) on Climate Change. The session explored key topics for youth, including the role of green innovation and entrepreneurship in creating new job opportunities, conserving resources, and preventing conflicts over natural resources. It also emphasized the importance of being a proactive, green entrepreneur and the youth’s role in driving sustainable development. The session motivated participants to take climate action and pursue green innovations.

SANAUBAR PARTICIPATES IN THE LOCAL CONFERENCE OF YOUTH OF CLIMATE CHANGE

sanaubar team participated in the local youth conference on climate change, which was held for Jordanian youth to exchange experiences and knowledge about climate change and the current situation of Jordan in relation to climate change. This conference was held in partnership with the Ministry of Environment, the Ministry of Youth, UNICEF and Generations for Peace and included approximately 200 young people from all around Jordan. In the area of the youth initiative, sanaubar got its booth which was full of agriculture activists and games.

UNDER THE AUSPICES OF THE CROWN PRINCE FOUNDATION, SANAUBAR HELD A SESSION IN AJLOUN CITY ON CLIMATE CHANGE

Sanaubar Project, in partnership with the Crown Prince Foundation, held an awareness session for female students in one of the schools in Ajloun. The session included several topics, including an introduction to climate change and environmental degradation, and how green entrepreneurship and environmentally friendly practices can be one of the solutions to reduce the exacerbation of this phenomenon. The session was enriching and rich in information that would increase awareness about these topics.

SANAUBAR TEAM IN THE AL-BAQA'A CAMP FOR "FROM HOME TO HOME" PROJECT.

From Home to Home is a project that seeks to empower women economically and environmentally by encouraging them to start creating their own productive home gardens. Do you want to know more? Visit our website and get involved.
